

GOVERNMENT OF JAMMU AND KASHMIR
DIRECTORATE OF INDUSTRIES & COMMERCE, KASHMIR

1st Floor Sanat Ghar Bemina Near Woollen Mills, Qamarwari Road, Srinagar 190018, J&K

Subject: Publication of ranking list for allotment of land in respect of notified Industrial Estates of Kashmir Division for the applications/ projects received on investjk.in portal.

The tentative provisional ranking and revised tentative provisional ranking list in respect of 14 notified industrial estates of Kashmir Division was published/ issued by this office on 24.11.2021 and 13.12.2021 respectively for information of the general public/ applicants and inviting objections, if any, in this regard. The said lists, however, excluded those estates/ applications that were yet to be appraised by the Divisional Level Appraisal Committee.

The said tentative provisional ranking list was placed before the High Level Land Allotment Committee meeting in its meeting held on 31.12.2021 and the same was taken on record by the committee. The committee in the said meeting also decided to allocate the remaining 05 marks to applicants proposing to have Foreign Direct Investment, Women Entrepreneurs, Scheduled Caste/ Scheduled Tribe/ OBC and Ex-Servicemen.

Accordingly, as per the decisions taken in the High Level Land Allotment Committee meeting held on 31.12.2021, a tentative provisional ranking list in respect of applications/ projects received on investjk.in portal in respect of 23 notified industrial estate of Kashmir Division was prepared and put in public domain on 18.01.2022 for inviting objections and with the request to applicants to bring any variance/ change in the project particulars/ credentials to the notice of the Concerned General Manager of District Industries Centre. The objections received in this regard have either been resolved or taken up with the concerned line departments for clarification.

Further, the applications/ projects having line of activities as Hot & Wet mix plant, stone crusher, brick kilns etc have not been considered for allotment of land due to the activity being highly polluting one. Also few CA Store related projects have been deferred on the grounds that the proposed project cost is on much higher side than the normal project costs in vogue.

Many applications/ projects have been rejected due to non-payment of requisite processing fees as envisaged in the J&K Industrial Land Allotment Policy, 2021-30. In certain cases, applications/ projects have been rejected due to non-uploading of DPRs or uploading of invalid DPRs consisting of two or three pages with no details and in certain cases due to uploading of same applications multiple times. Besides, only one application has been considered amongst the multiple applications submitted by the applicant for the same activity within an estate.

Now, the ranking list has been prepared on the basis of criteria fixed by the High Level Land Allotment committee and is hereby put in the public domain for information of general public.

The ranking list is based on the merit score and mere figuring in the list does not confer any right for allotment of land. The allotment of land in respect of the appraised applications/ projects shall strictly be subject to the verification of payment of requisite processing fee for the applied land and subject to the availability of the land as per the merit & choice of the estate, and verification of requisite supporting documents/ certificates in respect of marks allocated out of 5, at the level of the concerned Land Agency (SIDCO/ SICOP) and Concerned District Industries Centre and as per the J&K Industrial Land Allotment Policy, 2021-30, adherence and compliance of the Government Orders, Notification, Amendments and Rules issued in this regard from time to time.
